Description

FW-12 FRYER W/DRAIN

The standard of the industry for large Funnel Cake Fryers and/or Elephant Ears Fryers has been the FW-12. Easily work four 8" Funnel Cakes or two large diameter Elephant Ears or 12 French Waffles – your choice. 5500 watt elements should produce about 100 Funnel Cakes per hour – average size. 22 1/2W x 17 1/4D. Cook surface 21 x 15 3/4.

For the really BIG locations, use two, three or four at one time – only heat up all four during the busiest periods – cut back to one during the slow periods – an effective way to triple the “pot life” of your cooking oil! Always order this size fryer with drain.
