Grills stack for easy transport

Unfold legs

Stand grill upright

Put shelf & tanks in place

# Anatomy of a great grill . . .

## Radiant Guards

Stainless steel radiant guards provide even heat distribution, reduce flare-ups and protect the burners.

## Stainless Steel Burners

Eight individually controlled burners produce 164,000 BTU's of controlled, efficient cooking energy.

## Stainless Fire Box

100% stainless steel fire box for durability and easy transport.

## Cooking Grates

Standard nickel plated or optional stainless steel. Two 24" x 30" grates provide a massive 10 sq. ft. cooking area.

## Drip Pans

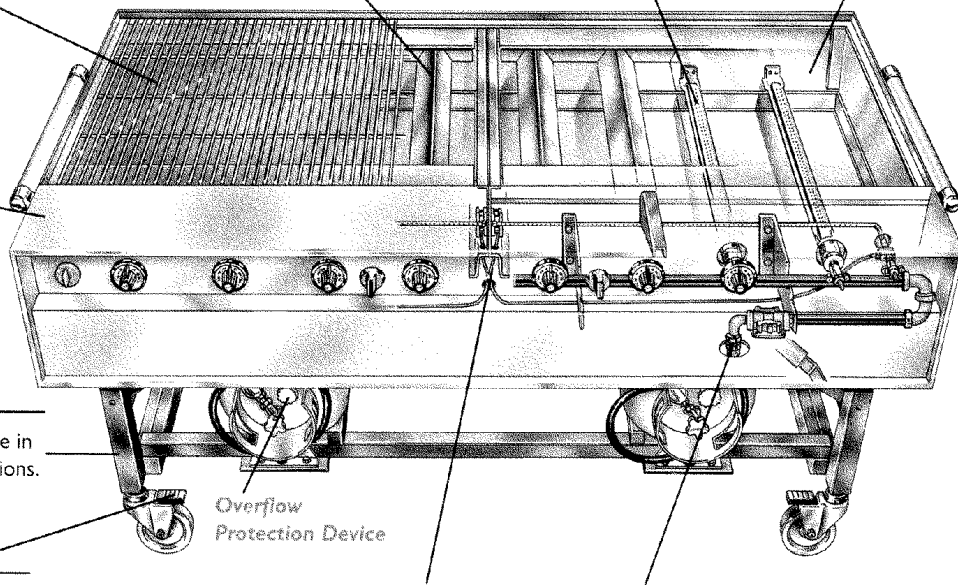

Two stainless steel pull-out pans make clean-up easy.

## Folding Legs

Legs lock securely into place in both open and closed positions.

## Locking Casters

Brakes on all four wheels for safety and stability.

## Pilot Light Systems

For safety and convenience, each grill is equipped with two individual pilot systems.

The ignitor lights the pilot light that maintains the runner tube from which each burner individually lights. This eliminates dangerous matches or wands.

## Quick Disconnect Fittings

This grill has been certified for both Liquid Propane or Natural Gas. The gas line hoses attach easily to individual quick disconnect fittings for fast connection and removal.

## Certified for Safety

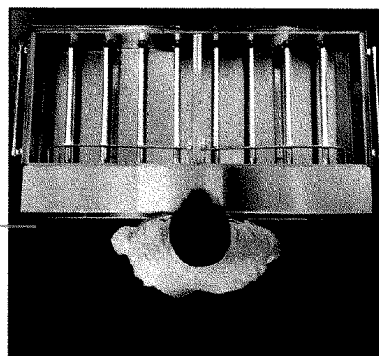

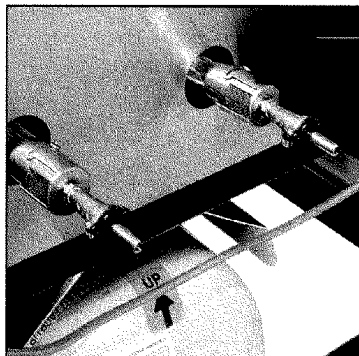

## Safeguards

Debris guards inside the air shutters keep the burners free from debris and insects, preventing fuel line blockage and improving efficiency.

## Quality Control Test

In compliance with A.G.A. requirements, every grill is tested for gas leaks and each burner must light with a stable blue flame prior to packing.

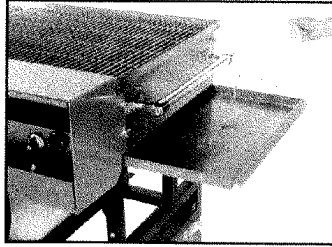

## Grillco Features

*Grillco grills are designed for easy set-up, easy clean-up and Great grilling. Made from quality stainless steel for long lasting Service. The only grill of its kind to be both A.G.A. design certified and NSF approved.*

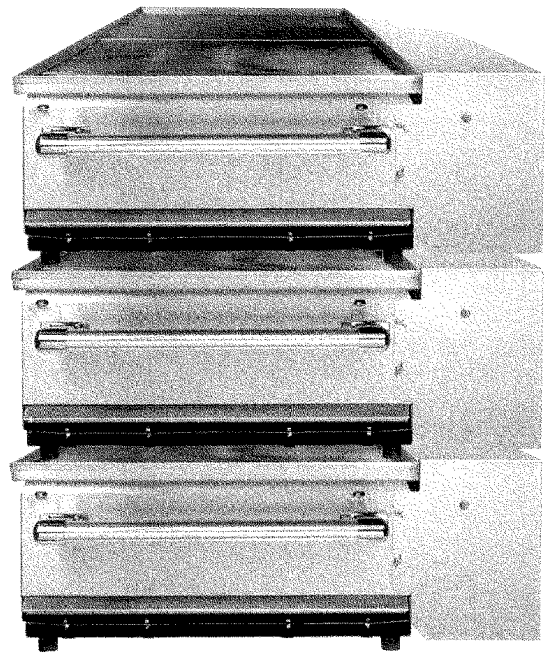

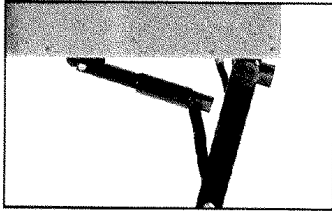

### Easy Cleaning Drip Pans

Adding water while cooking helps keep food moist, reduces smoke and flare-ups, and makes cleaning easier. Can be used without water.

### Aluminum Folding Legs

Folding legs lock securely into place in both open and closed positions.

## Stackability Makes Storage & Transport a Breeze!

Grillco's modular design makes it easy to stack up to five grills high in your van, storage area or wherever you need to save space!
