True's "Low-E" glass is the latest in energy efficient technology - "Low-E" double pane glass reflects UV rays and provides improved insulation resulting in decreased compressor run time, reducing your energy costs.

GDM-45

The World's Largest Manufacturer Of Glass Door Merchandisers.

Models pictured with standard rosewood veneer and optional organizers.

## FEATURES/BENEFITS

- Oversized environmentally friendly (134A) refrigeration - holds 33°F to 38°F.
- Exterior - durable and permanent non-peel or chip rosewood laminated vinyl.
- Interior - attractive, NSF approved, white aluminum with 300 series stainless steel floor with convenient clean-out drain.
- Energy efficient, "Low-E", thermal glass doors.
- Foamed-in-place polyurethane high density cell insulation (CFC Free).
- Safety shielded fluorescent interior lighting for longer, brighter, shadow-free illumination.
- Adjustable, heavy duty, PVC coated wire shelves - 10 mil thick, pure grade vinyl coating.
- Illuminated sign panel included.
- Positive seal self-closing doors.
- Available with optional legs or 2 1/2" diameter castors.
- Self-contained system, no plumbing required.
- Energy efficient.
- Bottom mount compressor.
- Optional black interiors available. Upcharge and lead times will apply.
- See our website [www.truemfg.com](http://www.truemfg.com) for the latest color & sign offerings.

### Bottom Mounted Units Have...

- A "no-stoop", lower shelf.
- Allows for top storage.
- Compressor can be serviced easily, and accessed by a single repairman.

Remote cabinets available 14% off list (condensing units supplied by others). Consult factory technical service dept. for BTU information.
