

# COLOR-CODED

# CLEANING

Cleaning professionals today use a color-coded cleaning system, using color-coded buckets, handles and mops to help reduce cross-contamination. Additionally, they can be organized by function, department or building area, making it easier to track usage.

### RECOMMENDED USAGE:

Color-coding systems can vary by vertical and application; however, Rubbermaid Commercial Products, in alignment with industry experts, recommends the following system:

- **Yellow:** Back-of-House Cleaning
- **Brown:** Back-of-House Cleaning
- **Red:** High-Risk Restroom Areas
- **Blue:** General-Purpose Cleaning
- **Green:** General Food Processing, Serving and Bar Areas
- **Black:** Front-of-House Cleaning
